Schnabel Engineering DC, Inc. is an affiliate of Schnabel Engineering, Inc.

Engineering services in the following states are performed by Schnabel's respective affiliated entity: Michigan: Schnabel Engineering of Michigan, Inc.; New York/Connecticut: Schnabel Engineering of New York; North Carolina: Schnabel Engineering South, P.C.

From local community projects to large-scale National Park Service sites, Schnabel understands the unique demands of culturally enriching projects, which hold special historical, artistic, or social significance. We develop creative solutions for our clients while respecting the needs and expectations of those who will enjoy the completed endeavors: our friends and neighbors.

Our portfolio includes geo-related services for libraries, museums, monuments, and recreational facilities. Our collaborative team brings expertise in subsurface and environmental investigation, field and laboratory material testing, evaluation, design, and construction monitoring and inspection services to engaging and inspiring cultural projects.
