Schnabel Engineering DC, Inc. is an affiliate of Schnabel Engineering, Inc.

Engineering services in the following states are performed by Schnabel's respective affiliated entity: Michigan: Schnabel Engineering of Michigan, Inc.; New York/Connecticut: Schnabel Engineering of New York; North Carolina: Schnabel Engineering South, P.C.

Schnabel's experience in power generation spans coal, natural gas, nuclear, and renewables. Whether providing closure for coal combustion residue (CCR) facilities, geotechnical recommendations for natural gas and combined-cycle turbines, or geophysical investigations for offshore or land-side wind, we're a dependable resource counted on by many major public utilities, power producers, and EPC contractors.
