Helping to meet the power needs of homes and businesses, Schnabel works to improve resilience, reduce risk, prepare for future demand, and reduce costs for power and energy projects. Our transmission and distribution experience includes subsurface evaluations, geotechnical design work for transmission towers, substations, and trenchless solutions for underground electric and gas transmission.

Schnabel Engineering DC, Inc. is an affiliate of Schnabel Engineering, Inc.

Engineering services in the following states are performed by Schnabel's respective affiliated entity: Michigan: Schnabel Engineering of Michigan, Inc.; New York/Connecticut: Schnabel Engineering of New York; North Carolina: Schnabel Engineering South, P.C.
