Schnabel Engineering DC, Inc. is an affiliate of Schnabel Engineering, Inc.

Engineering services in the following states are performed by Schnabel's respective affiliated entity: Michigan: Schnabel Engineering of Michigan, Inc.; New York/Connecticut: Schnabel Engineering of New York; North Carolina: Schnabel Engineering South, P.C.

Schnabel's transportation portfolio includes extensive experience on heavy rail, light rail, and bus facilities involving intercity and regional commuter rail, BRT, surface and underground stations, and related infrastructure. We've provided geotechnical engineering, geostructural design, tunnel design, emergency response, constructability reviews, tunnel inspections, and other geo-specialty services.

We've provided services on over \$5 billion of rail and transit projects. Our recent clients include Amtrak, DART, DRPT, GRTC, MTA, SEPTA, Sound Transit, VRE, and WMATA.
